SEATTLE SUPER SAVER SUPER-SIZES WEBSITE

New content makes site a complete travel planning resource

SEATTLE-Seattle's Convention and Visitors Bureau has unveiled a new and improved website for its Seattle Super Saver hotel program. The website has a comprehensive new layout, enhanced navigation and is designed to be easier to read.

In addition to the ability to book hotel rooms via Seattle Super Saver, seattlesupersaver.com now features area maps, sample half-day and full-day itineraries for Seattle and Western Washington and information on shopping, dining, cultural activities and sports. Visitors may also find information useful in planning their trip to Seattle such as annual weather statistics, important telephone numbers, transportation options and other information.

The Seattle Super Saver program offers a year-round alternative to the mega online hotel bookers with a best available rate guarantee at more than 80 Seattle area hotels. Seattle Super Saver, operated by Seattle's Convention and Visitors Bureau and endorsed by the Seattle Hotel Association, features a preferred guestroom inventory as well as special rates on suites and additional value-added offers at participating hotels. Visitors may book via the Seattle Super Saver program at

www.seattlesupersaver.com.
